

11. ROAD TRANSPORT

Road transport consists of public and private collective transport, new recorded vehicle stocking, road accidents, and road length.

Public collective transport

Public collective transport stopped in Bekaa and in Tripoli because of lack of the necessary investment to buy and to replace old buses.

Table 11.1 – Public collective transport in Beirut and its suburb

Item	Total 2009
Average number of working buses	132
Trips	6,610
Km	6,493
Total revenues. LBP	13,103
Passengers	498,092

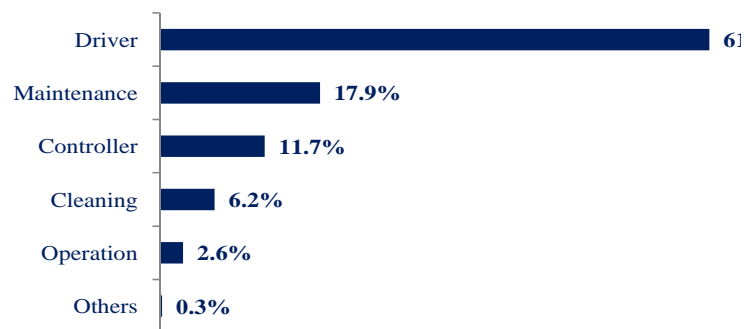

Table made by CAS based on Ministry of Transport, Office of Railways & Collective Transport data (2009)

Private collective transport
